Temperature sensing controls	<ul style="list-style-type: none"> - Temperature sensing device - PTC or fuse - Transformer and ballast 	OSM/LUM-ETF5	2019 ETICS Plenary Meeting
Question			
<p>Can a PTC or a fuse be considered as “temperature sensing controls” in the sense of clause 4.16.2?</p>			
Decision			
<p>An appropriate PTC or temperature sensing device can be used. In addition relevant parts of transformer standard (EN 61558) and ballast standard (EN 61347) have to be considered.</p>			
Explanatory notes
