Luminaires with two-dimensional graphic reproduction of persons or animals (real or imaginary) on removable shades	<ul style="list-style-type: none"> <li>- IP classification</li> <li>- Cable entry</li> <li>- Garden luminaire</li> </ul>	OSM/LUM-ETF5	2019 ETICS Plenary Meeting
Question			
<p>The last sentence of the Scope states that “Luminaires with 2D graphic reproduction of persons or animals (real or imaginary) on removable shades” are excluded from the scope of the standard. What kind of shades can be considered removable?</p> <ol style="list-style-type: none"> <li>1) A shade fixed on the outer shell of lampholder (to remove it is normally necessary to remove the lamp and the shade ring)?</li> <li>2) A shade removable with a normal tool?</li> <li>3) A transparent film applied in the internal or external surface of the luminaire and fixed with claw, hook or in guides?</li> <li>4) A transparent cover applied (not fixed) on the outer surface covering nearly all the luminaire?</li> <li>5) A cover to be removed during lamp replacement (screwed on the base or fixed by tools)?</li> </ol>			
Decision			
<p>Examples 1, 3 and 4 are considered removable shades. Examples 2 and 5 are not considered removable, as a tool is needed to remove it.</p>
