Marking according to the safety requirements	<ul style="list-style-type: none"> - Safety requirements - Performance criteria - Performance marking 	OSM/LUM-ETF5	2019 ETICS Plenary Meeting
Question			
<p>If control gear is provided with incorrect performance markings, can it be rejected?</p>			
Decision			
<p>The products are only tested to the safety part of the relevant standard. For that reason it is not possible to reject a product, based on wrong performance criteria.</p>
